Quiet country living off the beaten path! Beautiful earth contact home on 5 M/L acres in a lovely rural setting. Very easy to heat and cool. Beautiful all wood master bedroom with walkout glass doors. Extra large laundry room with storage and room to put your deep freeze. There is also a non-conforming 4th. bedroom that has a closet but no window that would make a great office or craft room. Lots of shade for your outdoor summer living and a big yard to play in. Grow your own veggies in the huge garden spot and bring your horses or cows to the lush pastures. Metal shed can be used for workshop or barn. Schedule your showing today before this one gets away.
