Frank Lloyd Wright's design. FLW is recognized by the American Institute of Architects as "the greatest American architect of all times." The home is westerly facing with beautiful sunsets on the deep water of Crystal Lake, which feeds into the Atlantic Ocean. The home is made of double walls of glazed brick, red Cypress, and copper roofing. The lot is extremely rare due to its privacy, elevation, and size at 26,068 sq.ft. Frank's vision believed in harmony with the environment. The 70 ft. Great Room with the curved window wall is breathtaking. The current owner did extensive improvements and updates. KBW designed an open kitchen with high end appliances as well as renovated the bathrooms. New docks, deck, pier and bulkhead were installed...
