\$675,000

Awesome Location!! Here is your chance to be near everything but with 3.15 acre of land you still have the privacy! Check out this Home with it's own pond and a inground pool !! This property backs up to wetlands for an extra privacy buffer so when you are hanging out on your 31 x 16 covered porch or the 32 x 16 screen porch your not staring at someone's back yard! This home has plenty of room for growth! It has 4 bedrooms and a large bonus area over the garage with its on full bath, It could be used as a Office or a 5th bedroom suite with its own private entry from the Garage.
